[16:46] <chaosalltheway> Multiplatform games are always better on pc, as usual

[16:46] <djruno1> i am not entirely sure what was so wrong about the old system. where you had no lvl stuff and had to rely heavily on stealth

[16:46] <bethefueg> The console is also an issue tho. Upgrading to the new system will help the frame rate issues

[16:46] <the_elusiveone45> terrible argument: PS4 1st party devs don't develop games the same way 3rd party devs do. Of course, they are going better than 3rd party titles. They have more time to focus on the exclusive itself. 3rd party devs have to focus on each port.

[16:46] <vendatus> I mean Brock Lesnar could LUL

[16:46] <bethemadeagle> i played san andreas as my first gta and i loved it and went back to vice city and 3 i liked those as well and vice city is a very very close second

[16:46] <chairmancaleb> @DJRuno1 Guess they wanted to innovate.

[16:46] <encelor> buy that extra console

[16:46] <cresstheangel> why doesn't phil fight the phylakes that are in his level range? You get guarenteed legendary equips from em

[16:46] <encelor> Kappa

[16:47] <superbatcat> On the pc i get 55fps and i have a machine that will play it on max settings

[16:47] <vaidolive> Why I can't use Chat Only?

[16:47] <the_elusiveone45> That's why PS3 exclusives looked so much better than ps3 multiplats

[16:47] <electricspitgaming> :Z

[16:47] <xkeysx97> what's better ps4 or Xbox one I've had an Xbox one but recently got rid of it a while back and can't decide what one I should get need help

[16:47] <burakkuauto> member Killzone?

[16:47] <bammbino> @CressTheAngel the mid life system shit pisses me the fuck off.. i know we dont want the consoles to last 8 years, but come on 3 years after release and you sell the same system but a bit better?

[16:47] <encelor> i member

[16:47] <bethemadeagle> i member

[16:47] <marty13612> can this game just end already lol

[16:47] <the_elusiveone45> Xbone X is the most pointless console in the world.

[16:47] <bethefueg> Lol youâ€™re character can get super armor lol

[16:47] <bammbino> @marty13612 its VERY long

[16:48] <dylannw> Watch Dogs 2 on PS4 it's pretty good to be honest, seems like AC Engine still sucks balls on console

[16:48] <docmaximus> Phil donâ€™t play that shyyt Straight OG son lmao â€œUbisoft fuck were you thinking hahahaâ€

[16:48] <encelor> @BeTheFueg you are?

[16:48] <marty13612> Tell me about it @Bammbino

[16:48] <vendatus> it isn't pointless LUL

[16:48] <dooley258> Xbox one x is killing the pro

[16:48] <burakkuauto> too bad, armor is useless in this

[16:48] <marty13612> what part is phil on aproximetly lol

[16:48] <bethemadeagle> dont start console wars

[16:48] <bammbino> i'd but the xbox one x variant of the ps4.. not the ps4 pro tho

[16:48] <bethemadeagle> please

[16:48] <cresstheangel> yeah @Bammbino the pro and xbone x are just giant wastes of money. If i can play the damn game thats all i care about. I won't judge another person on how they wanna spend their hard earned dollar tho

[16:48] <burakkuauto> unlike previous ACs

[16:48] <the_elusiveone45> Xbone X is better than the Pro, but not significantly better.

[16:48] <bethefueg> Honest grammar mistake @encelor

[16:48] <bammbino> "4k ps4" MY ASS it barely hits 1440p

[16:48] <xkeysx97> Xbox it is lol

[16:48] <the_elusiveone45> It's not as good as when digital foundry first revealed the specs, lmao

[16:48] <encelor> sllverSheriff

[16:48] <dooley258> Buy the pro for exclusives and xbone x for multiplats

[16:49] <vaidolive> So what?

[16:49] <marty13612> Or buy neither

[16:49] <the_elusiveone45> There's no reason to buy a Xbone X. Just get a gaming PC

[16:49] <xkeysx97> and get a pc lol

[16:49] <bammbino> @The_ElusiveOne45 true

[16:49] <nightbot> Golden Colts just tipped \$2.50

[16:49] <bethemadeagle> sooley exactly both are great for own reasons

[16:49] <dylannw> nobody cares about xbox x, people want cheap consoles that plays the same games LUL

[16:49] <dooley258> Thereâ€™s a reason if you have a 4 K tv with hdr

[16:49] <kinggoken> your right @Dylannw
[16:49] <vendatus> hm course the sonypony bethe says not to start a console war
[16:49] <thiccbwoii> @The_ElusiveOne45 well xbox one x is the easily the better console but ya pc obv best
[16:49] <cesstheangel> honestly with how gaming is going nowadays, i think with just a ninty console and PC would be just fine for me
[16:49] <vendatus> Kappa
[16:50] <the_elusiveone45> If you don't own a PS4 or Xbone X and want to play 4K gaming without caring about niche exclusives, go ahead and get an Xbone X.
[16:50] <encelor> 4k aint even real
[16:50] <burakkuauto> it doesn't matter what system we play. we're all gamers
[16:50] <chairmancaleb> Niche exclusives? CmonBruh
[16:50] <the_elusiveone45> @thiccbwoii No shit, I wasn't even arguing that.
[16:50] <vaidolive> Like children's here what matters what is better really!? Crow up!
[16:50] <dylannw> 60 > universe > 4k. 60 make you a better gamer, resolution not.
[16:50] <bethemadeagle> i am happy with my ps4 it has been my back since launch if i can play games on it then i dont need upgrades
[16:50] <thiccbwoii> @The_ElusiveOne45 lmao shut up dumass
[16:50] <dooley258> HDR makes this game look significantly better
[16:50] <superbatcat> I agree @Burakkuauto
[16:51] <the_elusiveone45> @@ChairmanCaleb PS4 has loads of Japanese games that don't appeal to the mainstream. That's what I meant.
[16:51] <burakkuauto> we all bleed the same
[16:51] <vendatus> So is Uncharted a niche exclusive LUL
[16:51] <thiccbwoii> i was making a factual statement
